

# NIDHI SHARMA

Artificial Intelligence Student | Machine Learning | Data Analytics

9310071665 | studypower2022@gmail.com | Delhi | nidhisharma2007.github.io

## PROFESSIONAL SUMMARY

Artificial Intelligence undergraduate with hands-on exposure to Machine Learning, Data Analytics, Generative AI, Python, SQL, Oracle Cloud and Power BI. Completed a Machine Learning internship and a national internship program, with academic and project experience applying data-driven approaches to prediction, risk analysis, healthcare detection and automation. Seeking AI/ML or Data Analytics internship opportunities.

## EDUCATION

### AAFT Noida | 2023–2028

B.Sc. Artificial Intelligence — Currently Pursuing

Affiliated to Manglayatan University. 1st year completed; currently pursuing 2nd year.

Class 12 (CBSE): 91% | Class 10 (CBSE): 92%

## EXPERIENCE

### Machine Learning Intern | AcmeGrade | Mar 2026 – May 2026

- Completed a 2-month Machine Learning internship with practical exposure to machine learning workflows and applied problem-solving.

### National Internship Program | Pega X Smart Bridge | Aug 2026 – Sep 2026

- Selected for a national-level internship program focused on applied problem-solving and industry exposure.
- Location: East Delhi, Delhi.

## PROJECTS

**BlinkitBot Automate** — Automation project focused on streamlining repetitive workflows.

**House Price Prediction** — Machine learning project for predicting house prices from data.

**Job Change Prediction** — Predictive analytics project focused on job-change outcomes.

**Loan Delinquency Risk Analysis** — Data-driven analysis of loan delinquency and risk.

**Parkinson's Disease Detection** — Machine learning project for Parkinson's disease detection.

**Bug Hunter** — Python-based project focused on identifying software/web issues.

**Chatbot** — Python-based chatbot project exploring conversational interaction.

## CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional — Oracle
- Learning Data Analytics: Foundations — LinkedIn Learning
- SQL and Relational Databases: 101
- National Internship Program Completion — Pega X Smart Bridge
- Machine Learning Internship Certification — AcmeGrade

## TECHNICAL SKILLS

**Programming & Data:** Python, SQL, Excel, Data Analytics

**AI & Machine Learning:** Machine Learning, Generative AI

**Cloud & Analytics:** Oracle Cloud, Power BI

**Professional:** Problem Solving, Communication, Teamwork, Analytical Thinking

## ADDITIONAL

Forage | Practical AI exposure through virtual internship experiences.
